

# Occupational Health Internship Program

## OHIP Health Internship Program (OHIP), Twenty Years On -- still shaping the future of OHS

Come to the [Occupational Health Internship Program \(OHIP\)](#) Student Presentations (oral session 4136.0) on **Tuesday, November 14<sup>th</sup> from 10:30am - 12:00pm** (Georgia World Congress Center, A309) to be inspired by the next generation of occupational health and safety professionals!

A panel of six 2023 summer OHIP interns will present the following projects:

- **Project:** Documenting injuries among grocery store workers and developing ways to improve the work environment  
**Presenter:** [Natalie Burda](#)
- **Project:** Developing health and safety training materials for farmworkers to protect their health and well-being  
**Presenters:** [Lyann Tam](#) & [Ursula Gately](#)
- **Project:** Exploring construction workers knowledge of heat-related illness and recommending prevention strategies  
**Presenters:** [Betsy Barba](#) & [Emmally Trujillo](#)
- **Project:** Evaluating workplace violence prevention control measures implemented in select NYSNA-represented healthcare facilities  
**Presenter:** [Jessica Rodriguez](#)

We hope you will join us and hear how students are improving the work environment!
